

DOING  
THE MOST  
GOOD™

# Starburst Ornament

A classic holiday ornament  
that is beautiful yet  
easy to create.

## What you need

- 1" or 1-1/2" Styrofoam Ball
- Glitter (spray or Diamond Dust)
- 16" fishing line
- Round toothpicks (approximately 125)
- Flat white spray paint
- Waxed paper, scissors, zip-closure bag
- Skewer

## How to make it

Dip toothpicks into glue and push 1/2" into ball. Insert skewer into ball to use as a handle. Spray ball and toothpicks with latex enamel. While still wet, place ball in zip-closure bag and add 1/2 jar of glitter or Diamond Dust.

Shake well and remove from bag.

(For spray glitter, simply spray while latex enamel is still wet.)

Dry on waxed paper.

Remove skewer.

Knot ends of fishing line. Dip in glue and use skewer to push fishing line into hole made by skewer.

*Sophisticated,  
yet easy enough  
for the kids  
to help.*
